Micro	- 15 %	U\$S 1000	U\$S 850

The current membership fees for the remaining categories will remain unchanged.

The new membership fees will come into effect on October 1st, 2006.

#### 2 (Membership and Services Fees):

It is proposed to grant, for an indefinite period of time, starting on October 1st, 2006, a 50% discount on LACNIC membership and services fees for non-government, non-profit organizations that, as determined by LACNIC, may be considered End Users.

In the case of Internet numbering resources (IP addresses and/or ASNs), the discount will be applied if the organization receiving the resources is a non-profit association and only if said resources are or will be utilized for non-profit services.
